

Compensation: DOE , Employment type: full-time

Fast growing machine shop/manufacturer located in Boise, ID seeking CNC Machinist(s) to join our team. We are looking for a variety of positions, both full and part time. Benefits include paid time off, medical and dental insurance after evaluation period.

CNC Machinist Job responsibilities:

- Set up and operate CNC machines for production
- Basic editing of programs
- Inspection of parts before and after machining
- Maintaining CNC machines.

CNC Machinist Job Requirements:

- Experience in set up and operation both CNC Mills and Lathes.
- Ability to hand edit programs as necessary.
- G and M code knowledge is essential to be considered for positions to be filled.
- Knowledge of how to read and interpret blueprints is crucial.
- Capability to use various measurement tools such as Calipers and Micrometers.
- Good communication skills to deliver important information to fellow machinist that are taking over projects from one shift to another.
- Experience with Haas and Okuma controls is a plus as well as programming, but not required. The hired candidates will need to be team players and work with little supervision after necessary training.

Deburr Working Conditions/Physical Demands:

- Work must be performed primarily standing for the duration of 8-10 hour shifts
- May require lifting up to 25 pounds
